6:30-7:30 pm—Two Class Options

Romans Bible Study

The letter to the Romans is the New Testament's most systematic and comprehensive interpretation of the Christian message. It emphasizes the universal effects of God work in Christ, interpreting the gospel as a message addressed to all people and offering hope to all of God's creation. The letter has had an immense impact on later generations of ordinary believers as well as on revolutionary Christian thinkers like Augustine, Martin Luther, John Calvin, and Karl Barth. Calvin wrote that anyone who understand Romans has a key to understanding "all the most hidden treasures of Scripture."

Facilitated by Rev. Dr. Ralph Herbert and Colin Martin (Room 101).

Vanishing Grace (Phillip Yancey)

"Why does the church stir up such negative feelings?" In a twenty-year span starting in the mid-nineties, research shows that favorable opinions of Christianity have plummeted drastically—and opinions of Evangelicals have taken even deeper dives. Yet while the opinions about Christianity are dropping, interest in spirituality is rising. Why the disconnect? Why are so many asking, "What's so good about the Good News?"? People inside and outside the church still thirst for grace. What the church lacked in its heyday is now exactly what it needs to recover, and to thrive. Grace can bring together Christianity and our post-Christian culture, inviting outsiders as well as insiders to take a deep second look at why our faith matters.

Facilitated by Rev. Dr. Anita K. Herbert and Rev. Dr. Stephen Wilkins
(Lanneau Hall)

Books are \$16.50. You may purchase in the church office.
